ACME

Pulverizing Harrow, Clod Crusher and Leveler.

The "ACME" has been subjected to the most thorough pratical tests in America and Europe; is now in use, not only in nearly every county in the United States, but in every civilized country in the world, and its widepread popularity establishes beyond doubt the claim that it is adapted to a great variety of soils, and is indeed the best implement of its class yet produced. In fact it is the only pulverizer combining a Clod Crusher, Leveler and Harrow, performing the three at one time, and is believed to be the only one yet offered that will do its work thoroughly on all kinds of ground leaving the soil in a light, loose condition, just as the farmer desires to have it. They range in price from
